## Group 1

Pre Ballet, Intro Ballet, Beg Ballet, Ballet 1, Beg Latin & Latin 1

### Make-up Application

**Tip:** Wash and Moisturize before applying make-up: It's always a great idea to wash the face even with a damp washcloth and dry. Applying a thin layer of moisturizer will help when removing the make-up later.

**Tip:** Proper Attire: Have your dancer wear a button down shirt/sweater that you don't mind getting dirty just in case.

1. **Eye Shadow-** Shade in the eye lid, from inside corner to outside corner, lashes to the crease of lid.
2. **Mascara-** Just on the top lashes.
  - a. **Tip:** Gently press the eyebrow up and have them blink, brushing the mascara brush up as they do.
3. **Eyebrow Pencil-** Shade in their existing eye brow starting from center moving out.
4. **Blush-** Have your dancer suck in their cheeks to expose cheek bones and brush with a blush brush, making a sweeping motion up into the hairline from under apples of cheek bone.
  - a. **Tip:** The Blush should not be lower than the lips or directly on the "apples" of the cheeks.
5. **Lipstick-** Fill in the whole lip area making sure to blot off excess lipstick with a tissue.
  - a. **Tip:** If you use a lipstick brush it will be easier to apply.

**Tip:** After The Show: Wash face with gentle cleanser or make-up remover and re-apply moisturizer as desired.
